

Soul Connection 3

The third and final part of Soul Connection 3 is a new gateway; a profound step on the path of spiritual evolution. We are able to create our life and our world from our authentic power. We no longer re-act from a place of fear.

During Soul Connection 3 we connect to our wholeness and embrace all of who we are. We facilitate an opening to our true divine self at a very deep level. We become a powerful co-creator in our lives and make choices in life from an "enlightened" understanding and a strong sense of inner knowing - which comes from being fully connected to our Soul.

We use our intention to embrace all that we experience, reclaim our power and "ascend" from the illusion of separateness. After Soul Connection 3 we begin living from the wisdom of our hearts, actualizing and putting into action the love and soul we really are.
